ATTENDANCE AND GRADING POLICIES

Regular attendance at the lectures is strongly recommended. If you miss a class you may miss a reading quiz or not hear about an assignment, and you will certainly not get information that will appear on the test. Absenteeism may therefore adversely affect your grade. Attendance at the Friday discussion session is required. More than two absences will result in a reduction of your grade for that category. All graded work may be reviewed on appeal to insure against error. 90-100 = A; 80-89 = B; 70-79 = C; 60-69 = D; 0-59 = F.
